

We recognise the benefits that come from collaboration and networking among like-minded individuals in your sector. That's why we created our Four Connect specialised Industry Groups.

We currently have three active groups - One for senior HR professionals, one for FDs & CFOs and our newest group for MDs & CEOs.

**It's time to get connected!**

## Sector Specific

We have Four Connect groups available for leaders in HR and Finance. Our HR Group currently has over 180 members, our Finance group has over 220 Finance Directors and CFOs and our new Executive group is a smaller more intimate network of professionals, currently with 22 MDs & CEOs. We are constantly growing these groups and members are from varying size of businesses across the North West.

## Collaboration

Benefit from peer-to-peer support, guidance and collaboration with other individuals in the same boat as you. The group is member-led and allows you to ask whatever you need with the opportunity to get a response from a range of experienced individuals.

## Insight

These groups provide a great opportunity to learn from others and understand what is working or not working in other businesses.
